

Joint Minor in Black Women's Studies

The minor in Black Women's Studies focuses on the lives and experiences of women of Africa and the African Diaspora. As a specialty in the fields of Women's Studies and African American Studies, it will provide students with tools for understanding the social and cultural contexts in which race, gender, class, sexuality, ethnicity, nation and other dimensions of difference intersect to influence the lives and experiences of Black women. In addition, through this course of study, students will analyze how Black women have empowered themselves through community work, political activism and cultural production. No course with a grade less than C- may be used to satisfy the minor, and students must earn a minimum GPA of 2.0 overall in the minor. More information can be found online at ter.ps/bwms
